Linswigen School is the best school in Ireland. Just 2 miles outside Killarney town. It is a very safe environment. "We are enrolling children for next year," said the principal. Come to our school

Because for young children, there is a big playground with hopscotch and a lot of nice toys. For older kids there is an all-weather pitch and a lovely garden. It is also very educational. Just some of the facilities are an all-weather pitch, a spacious sports hall, nice library with computers and a very big playground. Make sure you enrol your child today

as places are filling fast. David Randles
